

# **Vehicle Insurance Management System**

C++

By Atharva Karandikar

# ABSTRACT

---

The project is a 1064-line good quality code vehicle insurance management system that can be used by insurance agents to manage their customers and their policies. The system has many options to begin with.

Files created will be stored in directory `"/Database"` which in turn contains 2 directories – `"/Database/Customers"` & `"/Database/Policies"`.

The directory `"/Database/Customers"` contains a file `"all_customers.txt"` which will contain all the customer IDs, and files storing customer details will have name `"customer_<customerId>.txt"`, and directory `"/Database/Policies"` contains a file `"all_policies.txt"` which will contain all the policy numbers, and file storing policy details will have name `"policy_<policyNo>.txt"`.

# OUTPUT

## Menu of Options

## Option 1 - 2

```
Enter your choice: 1

| 1) Create Policy - To create new policy |
|-----|

Choose an option:
1) Create Policy for Existing Customer
2) Create Policy for New Customer
3) Go back

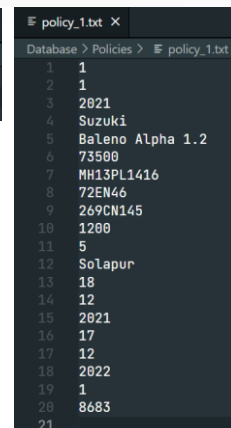

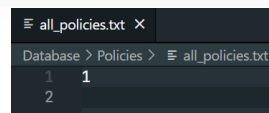

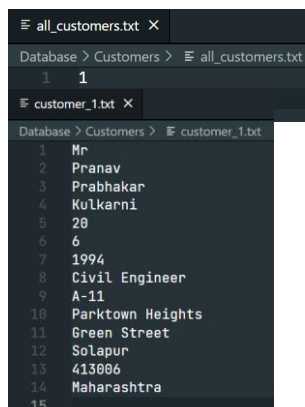

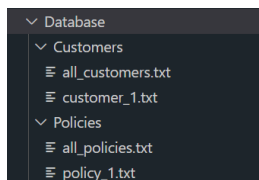

Enter your choice: 2

Enter the following details about the customer:
Name Prefix (Mr, Mrs, or Mx): Mr
First Name: Pranav
Middle Name: Prabhakar
Last Name: KuLkarni
Birth Date (DD): 20
Birth Month (MM): 06
Birth Year (YYYY): 1994
Occupation: Civil Engineer
Residence No: A-11
Residence Name: Parktown Heights
Residence Street / Chowk: Green Street
Residence City: Solapur
Residence Pin Code: 413006
Residence State: Maharashtra

Enter the following details about the vehicle:
Manufacture Year (YYYY): 2021
Make (Manufacturer): Suzuki
Model: Baleno Alpha 1.2
IDV (Insured's Declared Value) (in Rs.): 73500
Registration No (SSDDAANNNN): mh13p1416
Engine No: 72en46
Chassis No: 269cn145
CC (Cubic Capacity): 1200
Seating Capacity (N): 5
Registration Authority: solapur

Policy with policy number 1 created successfully for customer with customer ID 1.
```

The database directory has been created. Also, the associated information has been stored in respective files.

## Option 2 - 1

```
Enter your choice: 2

-----
| 2) Find Policy - To find policy based on key |
-----

Choose an option:

1) Find Policy by Policy Number
2) Find Policy by Vehicle Registration Number
3) Find Policy by Engine Number
